RCA Fan

\$34.99

tabletop air circulator has an aerodynamic turbo design to offer maximum airflow with quiet operation. It comes with 3 speed settings to give you better control of the powerful stream of air. This Honeywell tabletop air circulator has an adjustable-tilt head that pivots up to 90° to let you easily direct airflow where it's needed the most. It can also be wall mounted for saving floor space. This 3-speed oscillating fan has a removable grill for easy cleanup.
